

UC Briefing: Impacts of COVID-19 on Early Career Researchers

To illustrate the impact of COVID-19 on the University of California's (UC) research enterprise, we would like to invite you to a virtual briefing focused on Early Career Researchers (ECRs) in the UC system. The panel will cover how the pandemic has adversely affected research projects, scientific careers and the basic needs of UC's graduate students and postdoctoral researchers.

Thursday
February 11, 2021
2:00 – 3:00 pm EST

RSVP by:
February 9, 2021 COB
